Key benefits for investors

Award-winning manager

Access the expertise of Phoenix Portfolios, a boutique investment manager

Global opportunities

Exposure to small cap global equities with assets trading at attractive discounts to valuations

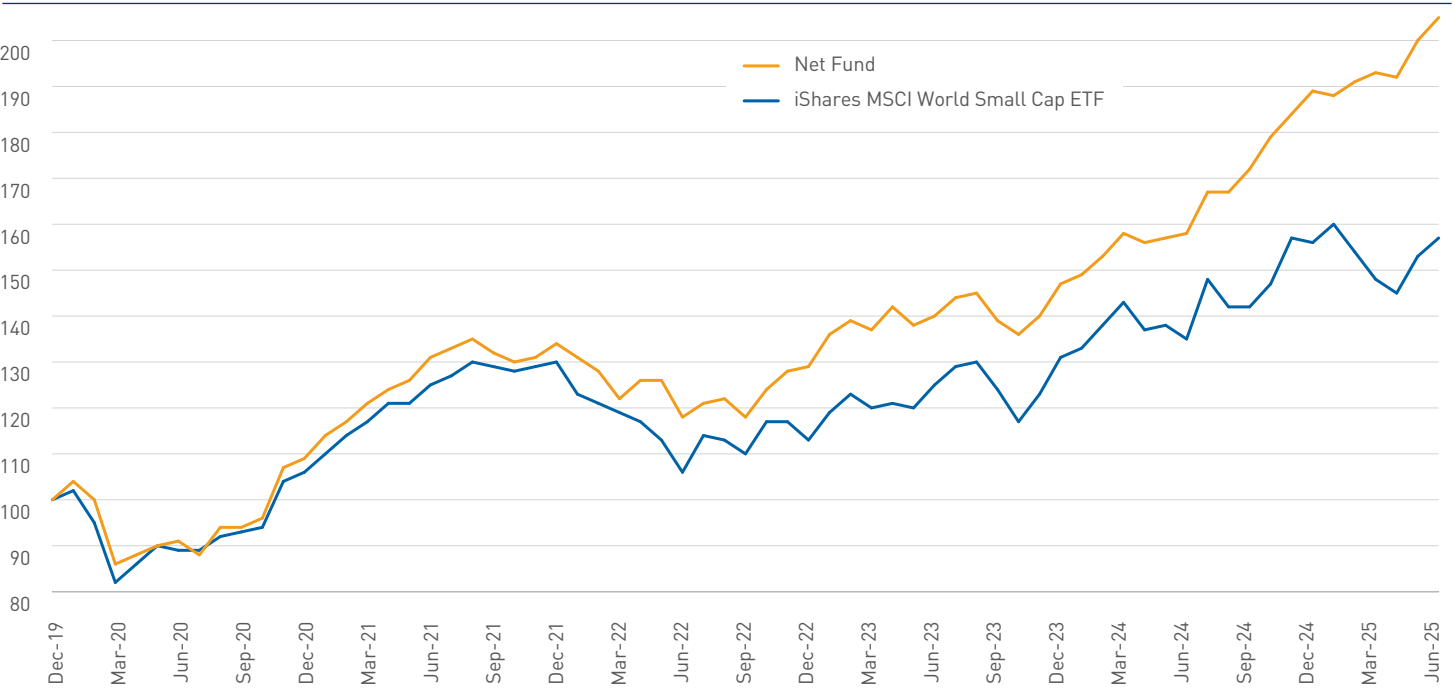

Diversification

Diversification to typical large cap managers and ETFs

Aligned interests

Significant co-investment by investment manager. Fees only paid when your investment increases in value

Past performance is not indicative of future performance.

Exposure to a diversified portfolio of international securities trading at a discount to their observable net asset values (NAVs).

Focused on small-cap stocks where analyst coverage is often low, and pricing discrepancies present the best opportunities.

Benefit from diversification across multiple geographic jurisdictions

The Cromwell Phoenix Global Opportunities Fund diversifies its investments across various global equity markets, including North America, Europe, and Asia, with a focus on both developed and emerging markets.

Fund positions are based on perceived valuation discounts and not constrained by benchmark considerations making the Fund a complement to core big cap or ETF exposure.
